

ResourceAlloc

```
graph BT; A[Ogre::D3D9DeviceManager] --> B[ResourceAlloc];
```

A UML class diagram showing an inheritance relationship. The base class, 'Ogre::D3D9DeviceManager', is represented by a grey-shaded rectangular box at the bottom. The derived class, 'ResourceAlloc', is represented by a white rectangular box at the top. A solid blue arrow points vertically from the top of the 'Ogre::D3D9DeviceManager' box to the bottom of the 'ResourceAlloc' box, indicating that 'ResourceAlloc' inherits from 'Ogre::D3D9DeviceManager'.
