

Ogre::LodCollapseCost

```
graph BT; A[Ogre::LodCollapseCostOutside] --> B[Ogre::LodCollapseCost]
```

The diagram illustrates an inheritance relationship between two classes. At the bottom is a gray-shaded box labeled 'Ogre::LodCollapseCostOutside'. A blue arrow points vertically upwards from this box to a white box at the top labeled 'Ogre::LodCollapseCost'. This indicates that 'Ogre::LodCollapseCostOutside' inherits from 'Ogre::LodCollapseCost'.
