

Ogre::LodOutputProvider

```
classDiagram
    class Ogre_LodOutputProviderBuffer["Ogre::LodOutputProviderBuffer"]
    class Ogre_LodOutputProvider["Ogre::LodOutputProvider"]
    Ogre_LodOutputProviderBuffer --|> Ogre_LodOutputProvider
```

The diagram illustrates a class hierarchy. At the bottom is a gray-shaded box labeled 'Ogre::LodOutputProviderBuffer'. A blue arrow points vertically upwards from this box to a white box at the top labeled 'Ogre::LodOutputProvider'. This indicates that 'Ogre::LodOutputProviderBuffer' inherits from 'Ogre::LodOutputProvider'.
