

Ogre::WorkQueue::Request
Handler

Ogre::Singleton< LodWork
QueueWorker >

Ogre::LodWorkQueueWorker

```
graph BT; A[Ogre::LodWorkQueueWorker] -- red arrow --> B[Ogre::WorkQueue::Request Handler]; A -- blue arrow --> C[Ogre::Singleton< LodWork QueueWorker >];
```

The diagram illustrates the class hierarchy for the LodWorkQueueWorker. At the bottom is the class 'Ogre::LodWorkQueueWorker' in a grey box. Two arrows point upwards from it: a red arrow to 'Ogre::WorkQueue::Request Handler' on the left, and a blue arrow to 'Ogre::Singleton< LodWork QueueWorker >' on the right. Both target boxes are white.
